

JEREMY HOGAN

CONSERVATION AND ECOLOGY

jeremyhogan.ca

OBJECTIVE

To use my scientific, analytic, and program management skills and experience to make direct and impactful contributions to land-based conservation.

SUMMARY

A driven and passionate professional with expertise in conservation and ecology. Adept in project management of complex, multi-stakeholder research and conservation projects; collection, management, and analysis of complicated and large datasets; and the creation and transmission of effective and engaging science communication. Committed to continuous learning and growth.

EXPERIENCE

GRANT MANAGER • NATURE CONSERVANCY OF CANADA • 2022–NOW

Find, develop, and submit grant funding opportunities for the Alberta region, track deliverables and report on awarded opportunities. Act as a liaison between conservation and development teams. Increased grant application frequency by over 25%, raising over \$4 million dollars in funding in 2022-2023 to date. Collaborated with colleagues across the organization to develop several large (>\$1M) successful proposals. Designed donor impact reports and year-in-review materials. Synthesized and communicated scientific literature and data for diverse audiences using various mediums.

RESEARCH TECHNICIAN • UNIVERSITY OF CALGARY • 2015–2022

Managed the Costa Rican Santa Rosa capuchin project (financial, logistical, personnel, and data). Co-authored peer-reviewed manuscripts and presentations. Provided study design, statistical analysis and data visualization expertise to faculty and students. Guest lectured for undergraduate courses (particularly conservation biology). Sourced and secured funding opportunities for PIs and grad students. Curated a large multi-project MySQL database with complex datasets and diverse subprojects.

PROJECT SCIENTIST • SNC LAVALIN ENVIRONMENT • 2009–2012

Developed site assessment and remediation plans. Acted as site supervisor/prime contractor. Collected data. Wrote technical reports. Provided expertise to government on behalf of clients.

EDUCATION

MASTER OF ARTS • 2015 • UNIVERSITY OF CALGARY

Primatology, Department of Anthropology and Archaeology

BACHELOR OF SCIENCE • 2008 • UNIVERSITY OF VICTORIA

Major in Biology, Minor in Anthropology. With Distinction.

SKILLS AND OTHER EXPERIENCE
